FOR IMMEDIATE RELEASE

COMTECH AHA PARTNERS WITH EASTELE INC FOR REPRESENTATION IN CHINA

Moscow, ID – October 1, 2008 – Comtech AHA Corporation (AHA), a wholly owned subsidiary of Comtech Telecommunications Corporation, today announced that it has partnered with Eastele Technology China Ltd for sales representation in China. Eastele, (www.eastele.com.hk) with headquarters in Hong Kong, has over 30 years experience in the electronics industry and has offices in 10 cities across mainland China. Eastele specializes in the network infrastructure market which aligns especially well with AHA's newest GZIP compression hardware products.

"We chose Eastele to be our exclusive sales representative covering all of China because of their expertise in networking technology," said Paul Langworthy, Global Sales Manager, Comtech AHA. "We feel the combination of our two companies will enable us to successfully bring our high speed GZIP compression hardware to market in China."

Comtech AHA Corporation's AHA363-PCIe card, introduced in 2008, is the fastest GZIP compression solution on the market today with speeds to 5.0 Gbps. It takes advantage of the AHA3610 compression IC as its compression engine for high throughput while maintaining very high compression ratio performance.

About AHA

Comtech AHA Corporation develops and markets application-specific integrated circuits (ASICs), boards, and intellectual property core technology for communications systems architects worldwide. Comtech AHA provides flexible, cost-effective solutions for today's growing bandwidth and reliability challenges. Located in Moscow, Idaho, Comtech AHA has been providing leading edge Forward Error Correction and Lossless Data Compression technology for more than twenty years and offers a variety of standard and custom IC solutions for the data communications industry. Comtech AHA Corporation is a wholly owned subsidiary of Comtech Telecommunications Corp. (NASDAQ:CMTL). For more information, visit www.aha.com.
